LOCAL OPTION OR PROHIBITION?

It is interesting to note the various views of representative men in Massachusetts on the question of local option or prohibition. The Boston Transcript sent out a thousand inquiries to leading citizens, and 292 replies were received. Of this number 207 favored local option and 85 prohibition. The names published make it very clear that there is no such unanimity of moral or even church sentiment in favor of the amendment as has been claimed. Even in the list of clergymen, who are in number nearly equally divided in opinion, the vote standing 37 yes to 36 no, the weight of character and influence is certainly not greater on the affirmative than on the negative side. Among those more or less vigorous opposed to the amendment are the Rev. Drs. Bartol, Frothingham, Moxom, F. G. Peabody, and Dexter; Presidents Chas. W. Eliot and Francis Walker; Francis Parkman and T. W. Higginson, authors. R. H Dana, L. M. Morse, Jr., and E. R. Hoar, lawyers. Among those in favor of the amendment are William Lloyd Garrison, ex-Governor Claflin, John Greenleaf Whittier, President E. H. Capin, Revs. Francis E. Clark, Nehemiah Boynton, Elijah Horr, and Drs. J. W. Wellman, Judson Smith, and E. K. Alden. Neither Phillips Brooks, Edward Everett Hale, Alexander McKenzie, nor President Seelye are reported at all. The vote as classified by occupations stands as follows:

	No.	Yes.
Lawyers	60	9
Clergymen	36	37
Merchants and capitalists	48	15
Physicians	25	7
College presidents and professors	7	2
Authors	7	2
Mayors	4	1
Miscellaneous	20	9
Total	207	85

It will also be interesting to the people "out west", to learn the opinions of some of the men whose judgment is well worth hearing and considering. Some of these men write from a city in which local option has been tried, and their views, for that reason, have all the more significance. Thomas Wentworth Higginson writes:

It is my expectation to vote, although rather unwillingly, against the proposed amendment. Our present local option law appears to me far better, because, by the local agitation it affords, it educates the particular community which has got to enforce the law—that is, the town or city, as the case may be. Had a prohibitory amendment been adopted five years ago, I believe that it would have produced little more effect in Cambridge than similar legislation has produced in Providence or Bangor; but steady discussion and labor, with the influence of Newton on one side and Somersville on the other, have finally brought about an attitude of no license which is enforced in Cambridge, and which I think will stand. In time, other towns will follow the example, and perhaps, sooner or later, Boston itself. But my humble judgment, for the country towns to force prohibition on Boston now, when these towns can do nothing to enforce it, will result simply in a demoralizing farce: as in Bangor, where, after thirty years of about continuous prohibitory law, liquor is sold openly, and I was assured last autumn that neither political party dared raise a finger to suppress it; or in Providence, where the political party in power simply levies assessments on the saloon keepers and then lets them alone.

It is well to remark that Professor Thayer, of Harvard, who voted for prohibition in the three latest local elections, and is president of the Cambridge society for the enforcement of the law, now favors local option, and thinks it unwise to attempt constitutional prohibition. Other citizens, equally as prominent and whose opinions are of great consequence, express the same views. The drift of the better sentiment in the east, certainly seems on the side of local option.

THE SPRING ELECIONS.

Municipal elections some times take a queer turn. Mayor Kosche, of Chicago, who was elected two years ago by a majority of 20,000, is this year defeated by some 10,000, in the face of the fact, too, that his administration of municipal affairs has been above criticism. Another surprise added to this is that all the offices in Chicago were captured by the democrats.

We have an illustration of queer election freaks in Janesville. It shows that local sentiment rapidly changes and swings from one extreme to another. The republicans nominated a first-class man for mayor, and yet he was defeated. The city clerk, elected two years ago by 195 majority now goes down to defeat by 122 majority against him. The election in other cities in the state show how fickle is the municipal vote. Circumstances or rather the issues, do not change, but the voters do. More and more are they voting for or against a man on personal grounds.

In Town and Hamlet.

The seeds of intermittent and bilious remitent fever germinate and bear evil fruit. No community has altogether escaped it. In populous wards of large cities bad sewage causes it, and in their suburbs stagnant pools in sunken lots breed it. There is at once a remedy and a means of prevention. Its name is Hostetter's Stomach Bitters, which is, without peradventure, the most potent antidote in existence to the malarial virus. Fortified with this incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Disorders of the stomach, liver and bowels, begotten by miasma-tainted water, or any other cause, succumb to the beneficent corrective nemed, and rheumatic, kidney and bladder troubles are surely removable by its use when it is given a persistent trial.

For a disordered liver try Beecham's Pills.

A BATTLE OF THE BALLOTS

THE MUNICIPAL ELECTIONS IN WESTERN STATES.

Chicago Elects the Entire Democratic Ticket—Milwaukee Goes Republican—Detailed Results.

CHICAGO, April 3.—While Tuesday's election was one of the quietest municipal contests held here for years, the results were somewhat surprising to both sides. A light vote was cast, many Republicans preferring to stay at home and thus defeat the so-called "machine rule."

The entire Democratic city ticket was elected by majorities of 7,000 to 9,000. The North and West town Democratic tickets are elected and the South town Republican ticket won.

The successful aldermanic candidates are not all known yet, and there will be contests in some of the wards. The apparent result is the election of eight Republicans, fifteen Democrats, and three Independents.

Apparently the successful candidates are as follows:

First—Arthur Dixon, Republican.
Second—John M. Summerfield, Republican, and —— Vierling, Republican.
Third—L. H. Dixon, Republican.
Fourth—Gilbert Montague, Independent.
Fifth—Timothy Hickey, Democrat.
Sixth—W. J. O'Brien, Democrat.
Seventh—W. J. Murphy, Democrat.
Eighth—George P. Bunker, Democrat, and Frank Dvroak, Democrat.
Ninth—Joseph E. Bidwell, Republican.
Tenth—Thomas McEnerney, Democrat.
Eleventh—William Kent, Republican.
Twelfth—D. W. Mills, Republican.
Thirteenth—John W. Lyke, Republican.
Fourteenth—Philip Jackson, Democrat.
Fifteenth—Michael Ryan, Democrat.
Sixteenth—Stanley H. Kuns, Democrat.
Seventeenth—J. N. Mulvihill, Democrat.
Eighteenth—John Gayner, Democrat.
Nineteenth—William McCann, Independent.
Twentieth—Daniel Long, Democrat.
Twenty-first—John McGillan, Democrat.
Twenty-second— —Muelhofer, Independent.
Twenty-third—John J. McCormick, Democrat.
Twenty-fourth—Charles J. E. Parker, Democratic.

The contest in Lake View was very close and exciting but, Boldenweck was victorious in his attempt at re-election by a majority of only about 100.

In Hyde Park the citizens ticket was elected by majorities ranging from 400 to 1,000.

ILLINOIS LOCAL ELECTIONS.

Galesburg Goes for Temperance—Reports by Towns and Cities.

GALESBURG, Ill., April 3.—The municipal election here Tuesday was more warmly contested than for years. Loren Stevens, temperance candidate for Mayor, was elected over F. F. Coone, by 80 majority. The probability is that the temperance people have elected five out of ten aldermen and their treasurer, C. A. Sevanson.

SPRINGFIELD, Ill., April 3.—Charles E. Hay (Dem.) is re-elected Mayor of this city over R. W. Lawrence (Rep.) by about 250 majority. The remainder of the Democratic ticket, except one alderman, is also elected by majorities ranging from 150 to 600.

TUSCOLA, Ill., April 3.—The Republicans carried the township election here, electing all but one candidate.

At Arcola the Democrats secured a majority of one in the board of supervisors.

MONTICELLO, Ill., April 3.—In the election here Tuesday the Republicans elected their entire ticket except one constable.

WAUKEGAN, Ill., April 3.—Grady (Dem.) was elected supervisor, receiving 386 votes to 314 for Blowney (Rep.).

JOLIET, Ill., April 3.—The ballots cast at Tuesday's town election are not yet counted, but enough is known to indicate the re-election of J. G. Patterson (Rep.) supervisor by a close majority, while the offices are probably equally divided between the parties.

QUINCY, Ill., April 3.—The municipal election passed off quietly. Bishop (Rep.) is elected over Parkhurst (Dem.) by 503 majority.

NAPERVILLE, Ill., April 3.—The following town officers were elected here, Peter Thompson, supervisor; J. L. Diller, assessor; T. W. Saylor, town clerk; John Ehrhard, collector; Wallace Jones, commissioner of highways; Frank Granger, school trustee.

Lisle elected these officers: William King, supervisor; Earl Sargent, town clerk; A. S. Barnard, assessor; Albert Smith, commissioner of highways.

KEWANEE, Ill., April 3.—The Republicans made a clean sweep at the township election. Ten candidates for collector were in the field.

NEWTON, Ill., April 3.—At the township election the Democrats elected their entire ticket by a good majority.

WARREN, Ill., April 3.—The Republicans elected the following town ticket: Supervisor, Walter Stickney, assessor, T. J. Sherk; collector, Albert Wise; town clerk, J. L. Graham.

PRINCETON, Ill., April 3.—The Republicans elected all of their township ticket except collector. The indications from the county are that the Republicans are ahead.

KIRKWOOD, Ill., April 3.—The candidates on the Republican ticket, with one exception, were elected here.

ILLIOPOLIS, Ill., April 3.—At the special election for county clerk Rogers (Dem.) was elected over Gove (Rep).

HENNEPIN, Ill., April 3.—In the township election the Democrats were successful with the exception of two candidates. The following were elected: Antony Peavey (Dem.) supervisor; town clerk, John P. Towle (Dem.); assessor, M. E. Newburn (Dem.); collector, James S. Simpson (Dem.); commissioner of highways, Joseph Escheid (Dem.); justices, Joseph Albright (Rep.) and Frank Sunderland (Ind.); constables, Thomas J. Hedrick (Rep.) and W. J. Thomas (Dem.)

CHENOA, Ill., April 3.—At the township election the people's ticket was chosen: Supervisor, Charles F. Churchill (Dem.); clerk, Charles Nickle (Dem.); collector, John Arnold (Dem.); assessor, John B. Lenney, (Rep.); justices of the peace, Martin, Shepard, and Metcalf.

ROCK ISLAND, Ill., April 3.—The Democrats elected five out of seven aldermen, and the city treasurer, clerk, and police judge, and claim the election of Hass for Mayor, though McConochie (Rep.) is probably successful by about 5 majority.

BLOOMINGTON, Ill., April 3.—John Spain (Rep.) is elected collector in Bloomington township over Floyd A. Chrisman, (Dem.).

ATLANTA, Ill., April 3.—The following ticket was elected: Supervisor, T. M. Camerer; clerk, W. H. Mason; assessor, M. L. Higgins; collector, Joseph Summer; justices, J. A. Ladew, E. Shaw; constables, S. W. Clay and B. F Dunnigan.

MATTOON, Ill., April 3.—William Burgess (Rep.) was elected supervisor by 103 majority. The following Democrats are undoubtedly elected: Clerk, Charles Hague; assessor, G. N. Todd, collector, Ed. Arterburn.

MOEYNE, Ill., April 3.—The enforcement of the Sunday closing ordinance was the issue on the municipal contest. The citizens' ticket, anti-closing, was elected, Wessel defeating Nasson (Rep.) for Mayor. The anti-closing element elect six out of seven aldermen.

WISCONSIN.

Republicans Successful in Milwaukee—In Other Towns.

MILWAUKEE, Wis., April 3.—Complete returns give the following majorities: For municipal judge, Emil Walber (Rep.), 417; for county judge, J. E. Mann (Dem.), 800; for clerk of courts, Frank Waller (Rep.), 800. The returns from the towns are not yet in, but will not affect the result. The council stands: Republicans, 14; Democrats, 14; Labor, 8.

WATERTOWN, Wis., April 3.—The regular Democratic city ticket was elected. Mayor, William F. Voss; treasurer, George Henze; assessors, M. J. Gallagher, C. J. Wenck. J. B. Cassody for associate judge of the Supreme court, and Henry Colonius for county judge received all the votes cast for these offices.

BELOIT, Wis., April 3.—In the municipal election D. S. Foster was elected Mayor, J. A. Love was elected city treasurer, and John Martin, L. M. Colt, R. H. Brown, L. E. Cunningham, and Daniel Riordan, aldermen.

MONROE, Wis., April 3.—At the municipal election the following were elected: Mayor, George Spangler, treasurer, Henry Musselman, assessor, R. A. Etter, supervisors, J. H. Weber, Henry Hohn; aldermen, Joshua Streiff, M. C. Gettings. Brooks Dunwoodie, judge of the Probate court of Green county, is overwhelmingly re-elected for the seventh term.

PLYMOUTH, Wis., April 3.—The Democrats elected their entire city ticket, except assessor. All the aldermen and supervisors are Democrats.

ELKHORN, Wis., April 3.—The following were elected: J. Matheson, chairman of board (Rep.); W. A. West, associate supervisor (Dem.); H. C. Morris, associate (Rep); clerk, C. C. Gaylord; assessor. G. W. Wylie; treasurer, O. Carswell.

RIPON, Wis., April 3.—The issue was water-works or no water-works. The entire water-works ticket was elected, headed by H. C. Eversz for Mayor.

APPLETON, Wis., April 3.—The Democratic ticket was elected here by a small majority, except city treasurer. The ticket is: Dr. A. H. Levings, Mayor; John Rose, treasurer; Henry Ryan, attorney; George Schulders, assessor; John B. Cassidy was the unanimous choice for judge of the Supreme court and George T. Moeskes was elected county judge.

EAU CLAIRE, Wis., April 3.—George B. Shaw (Rep.) was re-elected Mayor by a plurality of 86 over D. P. Simons (Prohibitionist and Union Labor). Simons has a plurality of 200 over John Hutner (Dem). William Owens (Dem.) was elected city clerk; B. S. Phillips (Rep.) city treasurer. The aldermen elected are one Republican, one Democrat, one Independent, and five fusion. A. C. Larson (Dem.) is elected county judge by a large majority.

KENOSHA, Wis., April 3.—Officers elected here are: Mayor, Henry Williams; clerk, F. W. Matthews; assessor, C. Schend; treasurer, Peter Jacobs; councilmen and supervisors Democratic, except George Hale. Van Wyck was re-elected county judge without opposition.

ST. LOUIS.

Democrats Elect the Mayor, the Other Places Being Mixed.

ST. LOUIS, Mo., April 3.—The municipal election passed off quietly, through the interest has never lagged. One hundred and twenty-two out of 152 precincts give Noonan (Dem.) for Mayor 22,540. Butler (Rep.) 21,169; Noonan's plurality 1,371. The remainder of the city ticket is running close, but the interest is centered on the mayoralty contest. [illegible]n (Dem.) for auditor has probably defeated McNiel (Rep.) upon whom such a bitter fight has been made.

Complete returns from the entire city give the following as the vote: For Noonan (Dem.) for Mayor, 28,715; Butler (Rep.), 27,089. Majority for Noonan, 1,626. The rest of the ticket contains men from both sides.

The Democrats elect the auditor, inspector of weights and measures, register, and but one of the five councilmen, while the Republicans secure the collector, comptroller, treasurer, president of the board of public improvements, and four councilmen. The house of delegates will be eighteen Republicans and eleven Democrats. The result of the municipal election, while a surprise to many in the face of the overwhelming Republican majority last November, was not unexpected by certain elements of the Republican party. The nomination of Col. James G. Butler for the Mayoralty was claimed to have been secured by a free use of money, and the following of D. P. Slattery, his opponent in the convention, was bent on revenge. In addition to this factor in the contest Judge Noonan represented the liberal or saloon element, while Col. Butler was a recognized silk-stocking with prohibitory tendencies. The defeat of Gen. McNeil for auditor is attributed to his war record.

The Women Rule in Kansas.

KANSAS CITY, Mo., April 3.—Tuesday's election in Kansas was most unique from the great number of women who have registered and who voted. At Fort Scott, Wichita, Topeka, Leavenworth, and Atchison they hold the balance of power. At Valley Falls, Oskaloosa, and Newton they had tickets in the field that are probably successful, At Topeka and Leavenworth the majority of the ladies supported the Republican nominees; at Lawrence and Atchison the Democratic ticket. As the women have voted so has gone the State.

COTTONWOOD, Kan., April 3.—At the municipal election here a ticket composed of ladies who have been prominent as philanthropic, temperance and Christian work was elected. There was a ticket composed of men in the field also, but it was snowed under. The winning ticket is headed by Mrs. W. A. Morgan, wife of the editor of the Chase County Leader, who will be the next Mayor. All the members of the council are women.

Democratic Judges Chosen.

LITTLE ROCK, Ark., April 3.—The returns are coming in very slowly from the election. A light vote was polled, but the indications point to the election of Hemmingway, Hughes, and Sandels, Democrats, for Supreme judges, over Mitch[illegible] Gregg, and Hill, Republicans, by [illegible] jorities.

The Result in Ohio.

CINCINNATI, Ohio, April 2.—Monday's municipal elections in Ohio had many peculiar results:

Democrats elected a Mayor in Akron and Springfield, and carried the principal offices in Middletown, Akron, Norwalk, Bucyrus, Fremont, Circleville, Chillicothe, Portsmouth, Lancaster, Wapakoheta, St. Marys, Hamilton, Tiffin, Zanesville, Newark, Kent, Canton, and Sidney. Republicans were entirely or nearly successful in Logan, Lebanon, Troy, Mount Gilead, Kenton, Urbana, Piqua, London, Cambridge, Ripley, Van Wert, Sandusky, Wooster, and Fostoria. In Kent the issue of Prohibition was prominent and was carried by one vote.

In Other States.

LINCOLN, Neb., April 3.—In the city election Tuesday the entire Republican ticket was elected and about two-thirds of the councilmen. R. P. Graham is elected Mayor by about 1,200 majority.

DUBUQUE, Iowa, April 3.—Official returns of Monday's contest elect the entire Democratic ticket—a clean sweep—on majorities ranging from 145 to 1,700, and three out of five aldermen.

ADRIAN, Mich., April 3.—The election here gave the Republicans control of the city government for the first time in eight years. They elect ever city officer except tax collector, who is beaten by two votes. The new board of supervisors will probably stand 14 Republicans to 12 Democrats.

WINFIELD, Kan., April 3.—The election Tuesday resulted in a Democratic victory in the election of Mayor, police judge and city treasurer.

THE JACKDAW'S BUSINESS.

He Acts as an Insect Exterminator on Animals.

The jackdaw is a compact and lively bird; he aptly proves the truth of the proverb, "birds of a feather flock together," for he flies about with the rooks and feeds with them. He is a pleasing bird to look at as he steps nimbly about; gray cowl on the back of his head and his keen, knowing gray eye distinguish him at once from his larger companions. His note is different and tells that he is with them, even when flying at a distance; it is a sharp chattering "Jack! Jack!" Where sheep are pastured suits him best as a hunting ground; he pays them great attention and performs a useful office for them. I have seen rooks do the same service occasionally, but the jackdaw makes it his business to look after the comfort and welfare of the flock.

It is most amusing to see the busy, methodical way in which he sets to work to rid an animal of its insect tormentors. All over its back and sides he hops and clings, the sheep standing quiet all the time and knowing perfectly well that what the bird is doing is for its benefit. The animal only stirs when the other sheep have moved on, and then it and the jackdaw go together. The bird finishes off the top part of his woolly courser with the head. First one ear is examined and then the other; even the eyelids are investigated. That being done, he devotes himself to the legs and under parts. Having finished this self-imposed task of sanitary inspection, he flies off to find and comfort another suffering member of the flock.

Another Smuggling Story.

A newly married couple were returning to Germany after a tour to Brussels. As the train approached the frontier the bride grew uneasy, and presently confessed that she had a quantity of the finest of Brussels lace in her bag on which a high duty would have to be paid. "Put it inside your hat," she pleaded. This was done. The custom-house officials looked all through the boxes of the elegant young lady, knowing by experience that such are the most daring of smugglers, but found nothing. The chief officer, charmed by the amiable manners of the husband, accompanied the couple to the train, when the wretched husband, forgetting his secret in the joy of having escaped, raised his hat to the officer, and was instantly enveloped in a soft white veil. TO THE PUBLIC

I have just completed at great expense, one of the celebrated JACKSON DRY COLD STORAGE HOUSES. When I commenced the building I expected to use the entire space myself, but other business will take my time until July 1st. I have decided to rent this season one-half the capacity of the building, represented by 9 compartments, each capable of holding 250 cases of 30 dozen each. I am satisfied that an investment of $850—$100 storage charges and 7500 dozen eggs at 10 cents will pay at least 75 per cent. net on the investment. The building contains over 600 tons of ice, which will maintain a temperature of 35 to 37 degrees during the warmest weather. Below find testimonials from houses using the Jackson Dry Cold Storage:

THE JACKSON REFRIGERATOR Co., CHICAGO, ILL.
Gentlemen: Having had in constant use for the past two seasons one of your Cold Storage Houses, we wish to say that it has given entire satisfaction. Its preserving powers are perfect and in no instance have we met with loss of stock stored in it its most commendable features being the good circulation and entire freedom from moisture and dampness; no evidence of sweating having been perceived, the ceilings and side walls always being dry. We can cheerfully recommend your Cooling Room to any parties whose business requires the use of Cold Storage. Yours respectfully,
KENT CO-OPERATIVE ASSOCIATION,

Gentlemen: In reply to yours of the 13th, inst. will say that our Cold Storage building erected by you gives us the very best of satisfaction, both in the storing of of Eggs and Butter and also perishable goods of every description, and we can heartily recommend it to any one needing such a building. It is the wonderment of every one in this section of the country.
Yours truly,

Office E. D. Tuttle, Buyer of Produce, Butter, Cheese, Eggs and Meats,
Hornellsville, N. Y., October 17th, 1888.
JACKSON REFRIGERATOR Co., CHICAGO, ILLS.
Dear Sirs: I have used one of your Refrigerators for two seasons and am well pleased with the results. I have kept eggs six months and taken them out in fine condition. Butter, if put in good condition, will keep a year. As to storing fruit, it is a perfect success. I now have evergreen sweet corn that has been in six weeks, and I think it is as good as when it was put in. Respectfully,
E. D. TUTTLE.

Marvin & Cammack, Proprietors of the Cresent Creameries, and Jobbers of Butter, Cheese and Eggs.
St. Paul, Minn., Nov. 3d, 1888.
JACKSON REFRIGERATOR Co., CHICAGO, ILL.
Gentlemen: This is to certify that we have been using a 40 car load refrigerator store house, refrigerated on the Jackson plan for the past three years, with exceedingly satisfactory results. We have been able to carry eggs in this storage from May until January or February of the winter following in perfect condition. These eggs being packed in new white wood cases, with excelsor packing, and the cases are not moved or disturbed from May until such a time as the eggs are required for use in the fall or the winter. June butter has kept in this storage in perfect condition nearly a year, and we carried a barrel of potatoes in one of the rooms two years without any loss from decay, and at the end of this time the potatoes were as firm and perfect as when placed in the storage. The storage is easily managed and is fairly economical in its consumption of ice, and the ventilation and dryness seem perfect.
Very Respectfully, MARVIN & CAMMACK.

Elkland Creamery, B. H. Parkhurst, Proprietor.
Elkland, Pa., October 19th, 1888.
THE JACKSON REFRIGERATOR Co., CHICAGO, Ill.
Gentlemen: The Cold Storage Building I commenced last spring was completed and filled with ice in May. I use it in connection with my creamery for storing butter, and can show June butter apparently as fresh as when it was put in. I also put in a crate of eggs during the summer as an experiment; I examined them recently and found they were keeping perfectly. The room is dry and cold, and with only the warm air flues open, had no trouble to keep it at a temperature of 35 to 38 degrees during the warmest weather. Your plan is a success, and I do not know where it could be in any way improved. Yours truly,
B. H. PARKHURST.

MR. HALSTEAD'S CASE.

A Rare Chance That the Editor May Yet Be Minister to Germany.

NEW YORK, April 3.—The Sun's Washington special says:

"Senator John Sherman and James Gillespie Blaine were the most interesting pair of visitors that President Harrison saw today. Fellow-feeling for Halstead had made the two great rival chieftains kin. They drove up to the White House in Mr. Sherman's private carriage, and walked in side by side in confidential conversation. The object of their visit was to state to the President that, in their opinion, Mr. Halstead's name ought to be sent to the Senate again, and that, in the event of a second rejection or a failure to confirm he should be appointed during the recess anyhow. Messrs. Sherman and Blaine contented themselves with this expression of opinion, but did not press Mr. Harrison for an immediate decision. The President asked how Mr. Halstead felt about it, and whether he cared for a recess appointment, and was informed that he had not been consulted, but that he doubtless would accept if the President so desired. Gen. Harrison is said to have expressed himself as being greatly troubled over the bad party break in the Senate, and said he wanted time to consider the matter. His visitors retired, uncertain as to what the President would do. Some of Mr. Halstead's friends think that if he were appointed in the recess and his name went to the Senate next winter, he could be confirmed by the votes of the eight Senators from the newly admitted States.

WORK OF CONGRESS.

Resolutions on John Bright Referred to a Committee.

WASHINGTON, April 3.—In the Senate Mr. Stewart spoke in support of his resolution of eulogy on the late John Bright. Mr. Sherman moved its reference to the committee on foreign affairs, but finally withdrew his motion, after which Mr. Reagan renewed it and it was so referred by a vote of 24 to 20. Owing to the desire of Vice-President Morton to leave the city Mr. Ingalls was chosen presiding officer pro tempore.

The Senate then adjourned sine die.

Unplucked Plums.

WASHINGTON, April 3.—There are a number of important places yet to be filled and the place-hunters will probably besiege the White House and the departments for several weeks yet. The leading unfilled places are justice of the Supreme court, solicitor-general, commissioner of the general land office, commissioner of Indian affairs, public printer, superintendent of the bureau of engraving and printing, minister to Germany, minister to China, consuls-general to Liverpool and Paris, and all the consulates, the officers of the District of Columbia, two civil engineers, and one inter-State commerce commissioner, and local officers at Chicago, New York, and Philadelphia.

Caution in the Kempinski Case.

WASHINGTON, April 3.—The Department of State has been informed that the secretary of legation at St. Petersburg has already requested the Russian government to investigate the case of Kempinski, said to be a naturalized American citizen, who was exiled to Siberia upon his return to Russia. It has been reported that Kempinski was 18 or 19 years of age when he left Russia for the United States. While the department will investigate the case thoroughly there is said to be need for caution. It may appear that Kempinski was eligible for military service, and that his emigration to the United States was nothing less than a military desertion.

Thought to Have Been Lost.

WASHINGTON, April 3.—The colonel commanding the marine corps furnishes the navy department with the following list of men of the corps supposed to be among the lost of the Vandalia: First Sergeant John Hanchett, Sergt. F. A. Jesserman, Corporal Michael Cashens, Privates Adolph Goldner, Frank Jones, George Jordan, Nicholas Kinsella, Aylmer Montgomery, John Sims, and Gilbert H. Wells.

Will of Justice Stanley Matthews.

WASHINGTON, April 3.—The will of the late Justice Stanley Matthews was filed for probate Tuesday. It is dated June 23, 1886, the date of his marriage, which fact he mentions. It says that his wife is fully entitled, as against him and his representatives, to all the property which was hers before marriage. All his property is left to his wife and children, there being no public bequests.

THE CRIMINAL RECORD.

Charles Hutchinson Meets His Death in a Mysterious Manner.

CHICAGO, April 3.—The Lake police were notified shortly after 12 o'clock last night that Charles Hutchinson had been murdered at 1220 Ashland avenue. When the police arrived they found Hutchinson's dead body lying on a bed, which was saturated with blood. The jugular vein had been severed evidently by some sharp instrument. Hutchinson and his wife lived at the above number with Patrick Reynolds and his wife and John Reynolds. Mrs. Reynolds was Hutchinson's sister. The Reynoldses claim that Hutchinson came home last night badly cut up, saying that he had been attacked in the street, and that he lay down on the bed and died before they could summon medical attendance. From the neighbors, however, it was learned that there was a general family row last night, during which, it is believed, Hutchinson was stabbed. The police think that Patrick Reynolds did the stabbing, and arrested him and his wife and his brother John. They are locked up at the Lake police station, but refuse to talk.

CAPTURED A MURDERER.

He Will Be Taken Back to Indiana to Stand Trial.

ASHLAND, Wis., April 3.—Marshal Rosebrough of Huntington, Ind., left to-day with Frank Williams, alias James O'Brien, having secured him upon a requisition from Gov. Hoard.

He was held here for safe blowing, and is wanted there for the murder of William Nucombe in that city Feb. 27, 1885. Nucombe was his pal, and they were engaged in burglarizing the postoffice at the time of the murder. They were caught at their work by City Marshal Max Bumgarten. While holding him, one in front and one behind, O'Brien attempted to shoot him in the back of the head. He dodged to one side and the ball struck his partner, killing him instantly. The marshal was badly crippled and O'Brien escaped, and has been doing burglar work ever since. The first traces secured of him by the Indiana officers was from Minneapolis a year ago. He was located here and taken to Indiana to-day to stand his trial for murder.

After the Kentucky Moonshiners.

LOUISVILLE, Ky., April 3.—Federal Marshal Gross last night started a party to Hindman, Ky., to arrest the murderers of Deputy Marshal Russell Wireman, who was killed near Hindman last week. The posse will start from Prestonburgh, the nearest base of the marshal's operations. It will number about thirty and go heavily armed. The moonshiners who murdered Wireman are reported to be under arms and ready to make a desperate resistance.

Admiral Foote's Sword Stolen.

NEW HAVEN, Conn., April 3.—Thieves broke into the old State house last night, and, entering the room of the New Haven Historical society, carried away the sword of Admiral Foote, which was held by the society as a relic. It is a presentation sword, and is studded with gems valued at $6,000. As far as can be learned nothing else was taken.

Suicide of a Kansas Attorney.

TOPEKA, Kan., April 3.—H. K. McConnell, a prominent lawyer of Osage City, shot himself through the head this morning at the Fifth Avenue hotel in this city. The cause was temporary insanity.

BASE-BALLIST WARD.

His Location for the Coming Season Still an Unsettled Fact.

NEW YORK, April 3.—John Ward said yesterday that he would not now sign a Washington contract, but gave no reason for his statement. He called upon Mr. Day, who explained to him that it would be the proper thing for him to go to Washington. He was expected to go there, and arrangements had been made for him to manage the team. What Ward said is not known, but Mr. Day says that Ward did not tell him that he would not sign with Washington. Mr. Day was asked if he wanted Ward to stay in New York, but he did not care to answer the question. He said that Ward had had an interview with the president of the Washington club during the afternoon, but he did not know what was done.

The whole matter can be summed up in a few words. Ward has changed his mind and wants to stay in New York. He was very much against playing in this city when the last season ended and was willing to go to either Washington or Boston. Now that he will be almost compelled to go to Washington, he sees his mistake and is more than willing to stay here. It seems quite likely that had Ward said less and thought more President Day would not have taken the stand which he has. It can be said, however, that Mr. Day is somewhat put out by the whole thing, and that if Ward plays at all next season it will be with the Washingtons. Mr. Day has not said so in that many words, but it can be seen that he means so much.

Strikers Win a Victory.

NEW YORK, April 3.—Nearly all the striking framers went to work to-day at the terms demanded, 40 cents per hour for nine hours work daily and eight on Saturday. Very few German house painters are idle to-day, as nearly all the employers have signed the agreement to pay the men $3.50 per day.

An Opera House Burned.

ST. JOSEPH, Mo., April 3.—The Grand opera house was destroyed by fire this morning. Loss on building $12,000. The Claire Pattee opera company that was performing at the house lost everything it had.

Neal Dow Will Go to Paris.

AUGUSTA, Maine, April 3.—Gov. Burleigh has appointed Gen. Neal Dow commissioner to the Paris exposition. Gen. Dow acted in the same capacity at the Paris exposition in 1857.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood Only a half dollar a bottle at F. Sherer & Co's drugstore.

How Doctors Conquer Death.

Dr. Walter K. Hammond says: After a long experience I have come to the conclusion that two-thirds of all deaths from coughs, pneumonia and consumption, might be avoided if Dr. Acker's English Remedy for consumption were only used in time." This wonderful remedy is sold under a positive guarantee by Prentice & Evenson, druggists.

Pleaded Guilty to Murder.

BUFFALO, N. Y., April 3.—Kemmler, who murdered Mary Seigler, was arraigned here for trial. When asked to plead he broke down completely and answered "guilty."

WATERLOO, Iowa, April 3.—Some of the evicted settlers have entered upon the Des Moines river lands and began seeding. It is feared that their action will result in serious trouble.

Billy Birch Is all Right.

NEW YORK, April 3.—The announcement of the death of Billy Birch, the minstrel, turns out to be a hoax. He was seen at the Bijou opera house alive and well.

We have sold Ely's Cream Balm about three years, and have recommended its use in more than a hundred special cases of catarrh. AFFAIRS ACROSS THE SEA.

AN ALLEGED PLOT AGAINST THE CZAR'S LIFE.

Why King Willem Has Abdicated—The Parnell Commission Again at Work—Sundry Happenings.

LONDON, April 3.—The discovery of a dynamite bomb factory in Zurich, secretly conducted by Russian students, and the tracing therefrom of a Nihilistic conspiracy against the Czar, with extensive ramifications throughout southern Russia, have caused in official and court circles in St. Petersburg a panic, silent but profound.

The public journals are forbidden from publishing information, making comment, or saying a word on the subject. In the meantime the police are pushing investigations in all directions and a large number of arrests have been made.

Following up the traces of the plot, they found in a street of the capital the most important evidences of its existence in St. Petersburg. This conspiracy is said to be more formidable than any of the preceding ones. The danger has not been undiminished so far by discoveries made. The arrests are only of minor people, and they maintain unbroken fidelity to their leaders, refusing to divulge even the little they are allowed to know.

YATES' BUNDLE OF GOSSIP.

The Condition of King Willem—Why He Has Been So Long Abdicating.

NEW YORK, April 3.—Edmund Yates' London cable to the Tribune says: "The truth about Willem, the King of Netherlands, has come out. Why such a mystery has been made of it is inconceivable. He has been quite out of his mind for months, with occasional glimpses of sanity. The doctors informed the Government long ago there was no chance of his rallying and that ultimately he would become quite mad, under which circumstances his health might improve and his life be prolonged, which now is said to be not unlikely.

The Queen had long shrank from assuming the regency, which she knew would announce to the world her husband's condition. But the position has at last been forced on her. Latterly the King, who at first could not bear her out of his sight, conceived the most violent dislike to her, which made it impossible for her to nurse him as heretofore.

THE PARNELL COMMISSION.

The Parnellite Case Again Comes Up—Sir Charles Russell's Speech.

LONDON, April 2.—Sir Charles Russell of the Parnellite counsel opened the defense to-day when the Parnell commission resumed its sittings.

He asserted that most of the testimony for the accusation was irrelevant and useless in the present case. He did not deny that crime existed in Ireland. The collapse of the forged letters, upon which the whole case rested, destroyed the foundations of the case. The Attorney-General, he said, wished to indict the whole nation, a procedure invalid in law and averse to judicial rules.

Advices from Auckland.

AUCKLAND, New Zealand, April 3.—Sir H. A. Atkinson, prime minister of the colony, has most kindly placed the steamship Hinimoa at the disposal of Admiral Kimberly.

The British cruiser Rapid has been ordered to Samoa and will sail to-morrow.

One hundred and twenty officers and men of the wrecked German squadron at Apia are coming to Auckland on their way home.

M. Vandertaelen's Debts.

ANTWERP, April 3.—The investigation of the affairs of M. Nandertaelen, the merchant prince of this city who recently committed suicide, discloses the fact that he left debts of over $600,000, with assets estimated at $250,000. It is reported that several other large firms here are on the verge of failure.

To Consolidate Michigan Roads.

LANSING, Mich., April y.—There is every probability that the Lansing & Northern and the Chicago & West Michigan railroad systems will be consolidated within the next thirty days and a new trunk line thus created between Chicago and Detroit. At present the two roads together operate 785 miles of track, only thirty-four miles of which is in Michigan, the Chicago & West Michigan running into Chicago from New Buffalo over the Michigan Central tracks. Both roads are owned by the same Boston capitalists, and consolidation will probably be effected at the annual meeting of the stockholders to be held this month.

Street Car Troubles in Rochester.

ROCHESTER, N. Y., April 3.—Of the seven drivers discharged last night and this morning by the Rochester Street Railroad company it is pointed out that six constitute the entire list of officers of the drivers' assembly. A strike is imminent. The old agreement on which the company and its employes have been running expired yesterday. The men were willing to continue the old agreement, but the company objected to certain sections, including the one regulating wages from $1.66 to $2 per day.

The "Q" Dynamiters.

GENEVA, Ill., April 2.—Court was called at the usual time Tuesday, with Mr. Bowles again on the witness stand. His testimony consisted mainly in relating the fact of his being sent to Nobleville, Ind., for the purchase of dynamite for the alleged use of the brotherhood. His story is practically the same as the one he told during the Bauereisen trial and is destitute of sensational features.

Gold Found at Lowell, Iowa.

KEOKUK, Iowa, April 3.—The lead, coal, and gold excitement is running very high at Lowell, Iowa. A. Williamson and J. Gregg went out to prospect for lead a few days ago and returned with quite a chunk of gold ore, and say they have struck it rich. Mr. Williams has been in the gold mines of California and knows something about it.

An Electrician Injured.

FORT WAYNE, Ind., April 3.—R. T. McDonald, general manager of the Fort Wayne Jenny Electric Light company, while superintending the work on the new buildings which are to replace those destroyed last winter by fire, was struck on the head by falling a brick and seriously injured.

A clergyman, after years of suffering from that loathsome disease Catarrh, and vainly trying every known remedy at last found a recipe which completely cured and saved him from death. A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for several years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz," Thus writes W. O. Hamrick & Co., of Shelby, N. C. —Get a trial bottle free at F. Sherer & Co.'s drug store.

THE SAMOAN HURRICANE.

Other Losses Reported From the South Seas—The German Vessels.

AUCKLAND, New Zealand, April 3.—The recent hurricane in the South Pacific ocean swept over 1,200 geographical miles, embracing in its trace the Harvey and Society groups of islands. The American ship Red Cross, from New South Wales for San Francisco, was driven ashore at Raratonga and wrecked. The crew were saved. The American ship Ada Owen was wrecked at Ouara. Her crew were saved. Wreckage from the British ship Suakin, from New South Wales for San Francisco, was seen at Aituatuaki. It is supposed that the crew perished.

WASHINGTON, April 3.—The German vessel Sperber and Alexandrine, which are now on their way to Samoa to replace the wrecked vessels, are not very formidable ships, but at long-range fighting would have a decided advantage over the American vessels owing to their superior armament and speed. The corvette Alexandrine is wood, iron, and steel, of 2,373 tons burden, 236 feet long by 42 feet beam, and 18 feet draught. She is of 15 knots' speed. Her battery is made up of twelve 5½-inch, 4-ton, breech-loading rifles, two 3½-inch ditto, four revolving cannon, and a torpedo tube and equipment.

The Sperber is a new cruiser of composite type, 1,120 tons burden, 14½ knots speed, and is armed with a rifled 4½ inch Krupp, four Hotchkiss revolving cannon, and two torpedo tubes.

Neither of the vessels is armored, but it will be noted that their speed is about 50 per cent greater than the American vessels ordered to Samoa, and their guns of greater range.

Guns for the Charleston.

BALTIMORE, Md., April 3.—W. H. Frendenthal of the Quartermaster's Department at Washington, yesterday made arrangements with General Manager Clements of the Baltimore & Ohio railroad, for the delivery of the flat-cars at Annapolis, Md., which will be used to transport ten heavy guns to the navy yard at Mare Island, Cal. The guns will be placed on the cars to-day and will probably leave Annapolis to-night. The battery will be placed in the new cruiser Charleston.

The Brooklyn Disabled.

PENSACOLA, Fla., April 3.—Arrived: The British steamer Falshaw Bennett from Capo Verde; reports that she passed the United States steamer Brooklyn in latitude 23.41 north, longtitude 63.30 west, 136 days from Honolulu, proceeding under sail with her shaft broken. Assistance was declined. Crew all well. The Falshaw provisioned the Brooklyn, taking her mail, and departed amid the cheers of the Yankee tars.

A Landslide in Pittsburg.

PITTSBURG, Pa., April 2.—An immense landslide from what is known as "The Bluff," 100 feet above the street and the Baltimore & Ohio railroad, fell at an early hour this morning. Second avenue and the Baltimore & Ohio tracks are blockaded for some distance and trains were compelled to stop a mile from the depot to-day.

Glass-Workers Go Out.

PITTSBURG, Pa., April 2.—A strike was inaugurated yesterday at the Dithridge company's glass works at New Brighton. About two hundred and twenty men are out. The trouble was caused by the refusal of the firm to discharge a workman who had been expelled from the union for nonpayment of dues.

Doctor M'Cosh Very Ill.

PRINCETON, N. J., April 3.—The Rev. Dr. James McCosh, ex-President of Princeton college, is lying at his home here dangerously ill from an attack of pneumonia and bronchitis. His condition is reported as being very critical, but his physician and friends have not abandoned hope.

Favors a Popular Vote for President.

TALLAHASSEE, Fla., April 3.—The Florida Legislature met in regular session at nooon Tuesday. Gen. J. B. Wall of Tampa was chosen president of the Senate and Dr. J. L. Gaskins of Starke speaker of the House. In taking his seat the latter made a brief speech declaring for a popular vote for President.

A Canadian Blaze.

COLBORNE, Ontario, April 3.—Two stores, occupied by William Coxall and Crandall Brothers, general merchants, were destroyed by fire this morning. The Brunswick hotel, owned by D. Simons, was also badly damaged. The loss is $35,000, partially insured.

Want an Advance.

PITTSBURG, Pa., April 3.—The "roughers" and "catchers" employed in the various iron mills in this city are about to ask for an advance in wages. If they do not get it they claim that they will strike, which will extend to every mill in the vicinity.

If your cough keeps you awake and restless by night, take Ayer's Cherry Pectoral and obtain immediate relief. This remedy allays inflammation, heals the pulmonary organs, induces sleep, and restores health. The sooner you begin the better.

He Was a Zulu.

A negro named George Vincent has been posing in rather scant costume for some time past as one of the leading attractions of a San Francisco dime museum. His role was that of a Zulu chief, and general interest in this picturesque character was heightened by the announcement that he was the Zulu who killed the Fourth Napoleon in South Africa.

Things went on smoothly, and the chieftain nightly assumed his war paint and statuesque posings, until one night when some one in the audience intimated that "it was stuffed." The management resented this attack upon the genuineness of their Zulu, and the skeptical ones were invited to examine the wonder. Some one wet the tip of his finger and tried it on the Zulu's complexion. Both it and its owner stood the test. But when the critical spirit led a boy named Neuminster to pull the iron ring out of the chieftain's nose that was more than he could stand, and catching up his war club he laid about him right and left.

As a result of the adverse criticism and practical tests Charles Neuminster was sent to the receiving hospital with a severe wound in his head and the Zulu chief, shorn of his paint and feathers, occupies a cell at the Southern station with "assault to murder" booked against him.

A Famous New York Beauty.

Miss May Brady is the famous New York belle who reigned almost supreme last season, and lately married six millions in the person of Albert Stevens. Before that, as the daughter of a supreme court judge, she had lived in moderate luxury, and had figured in the Astor-Vanderbilt set, but had lacked the money with which greatly to exploit her loveliness. Two years ago she was taken to Europe by Mrs. Hitchcock, an influential matron, and she made what we shall have to call a big hit at Nice and the other cities of the Rivera. She was called the beautiful American, and was idolizingly admired. Now, with millions at her command, what do you suppose she has done? The answer would be easy. Instead of staying to participate in the sociability of New York, she has gone back to her European domain, established herself in temporary but complete magnificence at Nice, and now her equipages, toilets and environment combine with her beauty to dazzle the people anew.

A Sad Story.

The child coughed. The mother ran. No remedy was near. Before morning the poor little sufferer was dead. Moral: Always keep Dr. Acker's English Remedy at hand. Prentice & Evenson, druggists.

OUR NEW YORK LETTER.

"KNICKERBOCKER'S" WEEKLY BUDGET OF GOSSIP.

Recalling the Work of Capt. Ericsson—Plymouth Church Prospering—Beecher's Name Declining.

[Special New York Correspondence.]

Not often has ended a more interesting and unique life than when Capt. John Ericsson, the inventor of the Monitor, died. One of the greatest factors in the progress of the nineteenth century, and a man whose name is destined to endure throughout the ages, he yet lived for many years the life of an unknown recluse. It is doubtful if one man in a thousand in this city which his genius had saved from invasion and disaster, knew that Capt. Ericsson was still living, and living in New York. His home was an old-fashioned house on Beach street, which has not been altered within or without for half a century, although its neighborhood has during that time undergone a complete transformation. And Capt. Ericsson himself did not change. A short, powerfully built man, with hair and beard unsilvered by time, he looked at eighty-six as he did when in the prime of life. His genius defied Time as persistently as did his physique, and after he reached old age he made many valuable additions to his long list of inventions. How much Captain Ericsson accomplished in his line is not generally known. The Monitor made him famous, but had he never designed the "cheese box on a raft," his other inventions would have made his name illustrious. His screw propeller revolutionized navigation; his "Princeton" made a radical change in marine architecture; his contributions to the science of railroad engineering were numerous and important, and the caloric engine is another of his valuable gifts to the world. It would be impossible in the limits of this paragraph to give a full list of his inventions, and that one man could have done so much can only be explained by his persistant withdrawal from the world, and his entire devotion to his work.

***

Henry Ward Beecher has been dead two years, and Plymouth church still lives! The fact is something of a surprise, for when Beecher died there was a general opinion that the church he had built up would fall to pieces. His parishoners themselves were fearful of their future, and when Mr. Berry, the English divine whom they unanimously asked to become their pastor, declined their call, there were those of the churche's members who felt that the death knell of old Plymouth had had been sounded. No other choice of pastor could be made, and the church drifted on a few months, cast down and discouraged. There came a day of awakened hope. The people discovered they were becoming attached to their temporary pastor, Dr. Lyman Abbott. They began to see that he was in full sympathy with their former pastor, who was his personal friend, and that so far as possible he was carrying out Beecher's plans. They observed that the congregations, though not as large as of old, had not materially decreased, and then they made Dr. Abbott their permanent pastor. His success has proved their wisdom. Plymouth church seems to have entered upon a new career of usefulness, and the fact can but be a source of gratification to all who are interested in Beecher's life work.

***

But when Beecher's friends and admirers are rejoicing in the continued prosperity of the church he founded, they must observe with regret that the great preacher himself is being forgotten. When he died all the world seemed touched, and for weeks his life, his usefulness, his genius were the theme of every tongue. Two years have passed. His parishoners and personal friends observe the anniversary of his death, and a few of the newspapers mention the date but it is evident that after forty years, of labor in Brooklyn, Henry Ward Beecher is fast dropping out of memory even in this locality. With his church made the pastorate of another man, his library scattered and his former home a boarding-house, there seems indeed to be little left to remind the public of this famous man. One can but compare Beecher's life with that of Ericsson. The former rich in friendships and public recognitions, the latter, by choice, that of a lonely and almost friendless recluse. There would be no hesitation in choosing between these, and yet how differently will the names of Beecher and Ericsson endure!

***

Dr. Abbott does not get from Plymouth church the princely salary it paid his predecessor. While he was supplying its pulpit he received only $6,000 a year, and now he gets only $10,000—a small sum for such a rich church to pay. Beecher was one of the richest clergymen in the country, though Dr. Talmage long vied with him in fortune as well as in fame. The latter gets $12,000 a year from his church. For the exclusive control of his sermons in advance of their publication or delivery, a New York firm pays him as much more per annum. His lectures bring him twice that sum, and for editorial work he gets $5,000 more. Add to this his fees, his profit from books and the money derived from the publication of his Friday evening lectures, and it can be easily seen how the great Brooklyn preacher manages to lay up several thousand dollars a year. The prince of monied clergymen, however, the "millionaire minister" as he is sometimes called, is Dr. John Hall. With a fortune of a million dollars, a salary that is stated at $15,000, and a great number of marriage and other fees, he derives a total income of more than $100,000 a year. It is said that his wedding fees last season amounted to $30,000. One bridegroom paid him $5,000 for his services. His congregation is the richest in New York, and he officiates at more aristocratic weddings than any other clergyman in the city.

***

New York is continually learning with surprise how large it is. By no means are strangers the only ones dazed at the enormity of the metropolis. The life-long resident feels a thrill of surprise, if not of awe, when he sees a statement of the amount of water used here in a day; of the quantities of illuminating gas used; of the pieces of mail matter delivered; of the number of passengers on the elevated or surface roads, or of the births and deaths per annum. His amusement at somebody's judgment of the multitudes of cats domiciled on Manhatten Island is not unmixed with pride, and when, though he hates the worthless intruders, he sees an estimate of the number of sparrows! The recent discussion of school matters has brought out some facts that started again the old suprise. How many children we have! And how much space as well as money New York gives to their education. The public school property in the city covers forty acres. This land with the buildings, of which there are 134, are worth $14,000,000. Furniture, appliances, etc., are not included in this valuation. Yet there are 12,000 children in the city who are unable to gain admission to the public schools, because of lack of accommodations, and the crowded state of many classes is a disgrace to the metropolis. The average increase (per year) of school children is now 5,000, the ratio advancing with the growth of the population. When to these is added the number of private schools, and the money expended for their education, the children are seen to be an important factor in the city's make-up. KNICKERBOCKER.

Why Women Fade.

Women lose their beauty because colds undermine their life. Dr. Acker's English Remedy for consumption is an absolute cure for colds. Prentice & Evenson, druggists.

Terrible.

Two-thirds of all deaths in New York City are from consumption or pneumonia. The same proportion holds for most other cities. Delays are dangerous. Dr. Acker's English Remedy for Consumption will always relieve, and may save your life. Prentice & Evenson, Druggists.

WOMEN WITH PALE COLORLESS FACE who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion.

Do Not Suffer Any Longer.

Knowing that a cough can be checked in a day, and the first stages of consumption broken in a week, we hereby guarantee Dr. Acker's English Remedy for consumption, and will refund the money to all who buy, take it as per directions, and do not find our statement correct. Prentice & Evenson, druggists.

American Delicacies Abroad.

Something besides the making of settlements and the settling of divorces has grown out of the international courtship. Mr. Chamberlain has started in England what may be called a boom in the American terrapin market. Five quarts in tightly sealed vessels sail to him periodically from our shores, and the English palate being touched, the demand goes on increasing. The British mind is in fact awakening to growing appreciation of something more than our daughters and our ducats, and one wealthy Londoner has invitations out for a purely American dinner. At this oysters, croquettes, and duck are to play a prominent part. A special air-tight compartment in one of the steamers has been prepared, and, more than that, on the day of the dinner the cable is to be put at the disposal of the host. At least his waiters are to use it freely telegraphing here for any belated directions.

A Texan Sums Up Boston.

This is how Mayor Stewart of Texas sizes up the modern Athens: "Boston has more lecture halls, lyceums, free libraries and reading rooms, homes for the distressed, charitable societies of every character, more monuments and paintings in squares, parks and public halls of military and civic characters, more two-wheeled public carriages, more short, narrow and crooked streets, more rosy-cheeked and handsome yet fatigued-looking women, more young men who keep their seats in the street cars when gray-haired ladies are standing up, more independent thinkers, fewer tobacco chewers, more drinkers and less drunkards, than any city of its population on the globe."

DISEASED BLOOD.

Humors, Blotches, Sores, Scales Crusts, and Loss of Hair Cured.

TERRIBLE BLOOD POISON, SUFFERED ALL A MAN COULD SUFFER AND LIVE. FACE AND BODY COVERED WITH AWFUL SORES. USED THE CUTICURA REMEDIES TEN WEEKS AND IS PRACTICALLY CURED. A REMARKABLE CASE.

I contracted a terrible blood-poisoning a year ago. I doctored with two good physicians, neither of whom did me any good. I suffered all a man can suffer and live. Hearing of your Cuticura Remedies I concluded to try them, knowing if they did me no good they could make me no worse. I have been using them about ten weeks, and am most happy to say that I am almost rid of the awful sores that covered my face and body. My face was as bad if not worse, than that of Miss Boynton, spoken of in your book, and I would say to any one in the same condition, to use Cuticura and they will surely be cured. You may use this letter in the interests of suffering humanity.

E. W. REYNOLDS, Ashland, Ohio

COVERED WITH RUNNING SORES 17 YEARS

I have been troubled with a skin and scalp disease for seventeen years. My head at times was one running sore, and my body was covered with them as large as a half dollar. I tried a great many remedies without effect until I used the CUTICURA REMEDIES, and am thankful to state that after two months of their use I am entirely cured. I feel it my duty to you and the public to state the above case.

DUG AND SCRATCHED 38 YEARS.

I go Mr. Dennis Downing ten years better. I have dug and scratched for thirty-eight years. I had what is termed pruritis, and have suffered everything, and tried a number of doctors but got no relief. Anybody could have got $500 had they cured me. The CUTICURA REMEDIES cured me. God bless the man who invented CUTICURA! CHENEY GREEN, Cambridge, Mass.

SANFORD'S RADICAL CURE For CATARRH.

Relief Instantaneous. Cure Rapid, Radical, and Permanent.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and injures the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling, and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell and taste, and neutralizing the constitutional tendency of the disease towards the lungs, liver, and kidneys.

SANFORD'S RADICAL CURE FOR CATARRH consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and IMPROVED INHALER, all in one package; price, $1. Ask for SANFORD'S RADICAL CURE. Sold everywhere.

TO MONTANA, OREGON AND WASHINGTON.

If you are going west bear in mind the following facts: The Northern Pacific Railroad owns and operates 987 miles, or 57 per cent. of the entire railroad mileage of Montana; spans the territory with its main lines from east to west; is the short line to Helena; the only Pullman and dining car line to Butte, and is the only line that reaches Miles City, Billings, Bozeman, Missoula, the Yellowstone National Park and, in fact, nine-tenths of the cities and points of interest in the territory.

The Northern Pacific owns and operates 621 miles or 56 per cent of the railroad mileage of Washington, its main line extending from the Idaho line via Spokane Falls, Cheney, Sprague Yakima and Ellensburg, through the center of the territory to Tacoma and Seattle and from Tacoma to Portland. No other transcontinental through rail line reaches any portion of Washington Territory. Ten days stop over privileges are given on Northern Pacific second class tickets at Spokane Falls and all points west, thus affording intending settlers an excellent opportunity to see the entire territory without incurring the expense of paying local fares from point to point.

The Northern Pacific is the shortest route from St. Paul to Tacoma by 207 miles; to Seattle by 177 miles, and to Portland by 324 miles—time correspondingly shorter, varying from one to two days, according to destination. No other line from St. Paul or Minneapolis runs through passenger cars of any kind into Idaho, Oregon or Washington.

In addition to being the only rail line to Spokane Falls, Tacoma and Seattle, the Northern Pacific reaches all the principal points in Northern Minnesota and Dakota, Montana, Idaho, Oregon and Washington. Bear in mind that the Northern Pacific and Shasta line is the scenic route to all points in California.

Send for illustrated pamphlets, maps, and books giving you valuable information in reference to the country traversed by this great line from St. Paul, Minneapolis, Duluth and Ashland to Portland, Oregon, and Tacoma and Seattle, Washington, Territory, and enclose stamps for the new 1889 Rand McNally County map of Washington Territory, printed in colors.

—That captivating little actress, Jarbeau, will delight Beloit theatre goers this evening. Arrangements have been made so that any one desiring to go from here, can leave at 7:20 on the Chicago & Northwestern Ry., and arrive in Beloit in time for the performance.

—One Mr. O'Rourke appeared before Judge Patterson this morning, and admitted that Marshal Hogan was right, when he accused him of being drunk and electioneering altogether to loud yesterday. O'Rourke was given sentences in the county jail

—Joe Cantillon, who was Rockford's favorite short stop last season, has signed with the Burlington, Iowa, club of the inter-state league, and started for that city to-day. If the Burlington's don't lead in the above league it will not be because Joe don't play his part well.

—Tom Morrissey, who plays 1st base for the Milwaukee's, started for Louisville, Ky., to-day, where the club will practice a few weeks before the league season opens. Tom is one of the best 1st basemen in the country; and his last year's record shows that he can handle the willow with the best of them.

—James Clark appeared before Judge Patterson this morning charged with burglarizing the saloon of Carl Hanson, last Sunday night. Clark was committed to jail on default of $300 bail, and his hearing fixed for April 11. Warrants are out for two other boys for being implicated in the same affair, but they have not yet been arrested.

—Postmaster Clark is making some needed improvements in the interior of the postoffice. The money order room is to be moved to the west side of the building, and the letter carriers are to occupy room which the money order department formerly occupied. The drawers and lock boxes are being changed to accommodate this new arrangement.

—At the Presbyterian church, Rev. Henry Porter, M. D., will exhibit some very fine stereopticon views of China scenery and life. Mr. Porter was for seventeen years a resident physician and missionary in China, and from his personal familiarity with the views he presents, he makes it a very interesting entertainment. No admission will be charged, but a collection will be taken to defray expenenses.

—Miss Benedict's piano pupils gave the first of a series of informal social musicals at her music rooms last evening. The audience was confined to the immediate friends of the pupils. Miss Benedict gave several numbers from Mendelsshon, Chopin and Liszt, which were much enjoyed by those present. The efforts of Miss Benedict to bring others to appreciate the higher classes of music, are meeting with the good success they deserve.

—Ingersoll's great Pig-pen puzzle is exciting a local interest which will almost place it on a level with the 13, 15, 14 puzzle. The puzzle consists of several circular troughs, one within another, and opening into each other. In the center is a small round box, or pen. Several marbles are placed in the outer circle, or trough, and the puzzle is, to manipulate the table or box, without touching the marbles so as to get them all in the pen at once. Proprietors of pigs appreciate this puzzle. King & Skelly have them. Get one.

—Fred Kleimberg accused John Maney of stealing his watch. He made such complaint before Judge Patterson this morning. But Fred evidently had indulged too freely in election day hydrant water, and when he was questioned could not remember whether his watch had been stolen, or whether he had given it to Maney. There was no evidence to hold Maney, so he was discharged. But the judge thought a few days' boarding with Sheriff Babcock might clear up Kleimberg's brain somewhat, and it was ordered that he spend fifteen days in the Rock county jail.

A Woman's Confession.

"Do you know, Mary, I once actually contemplated suicide?" "You horrify me, Mrs. B. Tell me about it." "I was suffering from chronic weakness. I believed myself the most unhappy woman in the world. I looked ten years older than I really was, and I felt twenty. Life seemed to have nothing in it worth living for." "I have experienced all those symptoms myself. Well?" "Well, I was saved at the eleventh hour from the commission of a deed which I shudder to think of. A friend advised me to take Dr. Pierce's Favorite Prescription. I did so. In an incredibly short time I felt like a new being. The 'Prescription' cured me, and I owe Dr. Pierce a debt of gratitude which I can never repay."

A blessing to humanity is what Dr Bull's Cough Syrup can be well termed, for it has done more good already than any other medicine. One trial will convince ony one of its efficacy. Price 25 cents.

That I pass pain by, as an idle word,

FOUGHT IN THE WAR OF 1812.

Sketch of Jacob Rogers, an Old-Time Patriot of Pennsylvania.

Jacob Rogers, the subject of this sketch, is one of the oldest and best known residents of Oakland Mills, Iowa. He is an ex-soldier of the war of 1812 and has attained the remarkable age of 111 years.

Mr. Rogers was born near Pittsburg on New Year's day 1778. He grew to manhood there, enlisting in the war of 1812 at the age of 34. He fought in many battles, but says that the struggle at Lundy's Lane July 25, 1814, was the severest one in which he ever took part. He was wounded in the arm in this battle and one of his brothers was killed and another seriously

JACOB ROGERS.

wounded while fighting near him. In rehearsing the story of the fight at Lundy's Lane the old gentleman always becomes excited, and his cheeks fairly glow with the fire of patriotic zeal. He was enlisted and served in the Fifteenth Pennsylvania, under command of Capt. J. McChesney. From Pennsylvania he removed to New Jersey, then to Ohio, later to Illinois, and in 1865 to Iowa, where he remained four years. He went to Kansas in 1869, but the land on which he settled was secured by a railroad company, annulling his title, and he returned to Iowa in 1879. Mr. Rogers was married twice, has nine children, and is now a widower. He receives a pension of $8 a month. A private pension bill granting him $50 a month passed both houses of Congress, but has not yet received the signature of the President.

Mr. Rogers has used tobacco since he was 16 years old, but has abstained from drink. His mind is remarkably clear, and he converses with intelligence upon almost all topics of the day. Two years ago he was in excellent health, and could be seen each morning walking on the farm of his son, with whom he lives. He contracted a severe cold last winter, however, and is now confined to his room. He realizes that his end is approaching, but he is an earnest Christian and says that he is perfectly willing to go when his time comes.

Notwithstanding the excitement which always surrounds a local election in this city, a very light vote was polled yesterday, that for mayor being 2,107. Of course, the result is somewhat of a surprise to the republicans. The republicans entered the canvass with a good city ticket, and notwithstanding the fact that the democrats nominated their best man for mayor, Dr. J. W. St. John, the republicans having a fair majority in the city to fall back on, were confident that with Ald. D. P. Smith at the head of their city ticket they were reasonably sure of victory—but the voters decreed otherwise, and Dr. St. John won the majority for the next two years, carrying with him the entire democratic ticket with the exception of the street commissioner. The republicans, however, were successful in three of five wards, maintaining their majority in the common council, and with this in hand, they will rest contented until another year.

The election just passed has been a noteworthy one in that it has been free from personal abuse. The candidates were men of character on both tickets, and friends of each could be found scattered promiscuously around in both parties. As Mayor Winans remarked at the democratic city convention, when he nominated Dr. St. John for mayor, "This is a republican city." But in the nomination of Dr. St. John the democrats placed a man before the people who met his personal friends and admirers at every turn. Thus with such a popular man as their standard bearer the democrats were enabled to secure republican votes enough to give their ticket a boost into political power. Many stalwart republicans exceedingly regret that so good a man as D. P. Smith should suffer defeat by such means, yet they feel satisfied that in the victor they have a man well fitted and qualified to occupy the position with honor to himself and to the city.

The defeat of City Clerk Fenton is also a surprise to his friends, and can hardly be accounted for, as his election was conceded by nearly every one, yet he is defeated by 122 majority.

The Gazette has no desire to find fault with the actions of the members of the republican party, the power and votes were in their hands to place Janesville in the front rank of republican cities in Wisconsin, they elected otherwise, and the Gazette abides the verdict.

The following table gives the vote in detail in the several wards:

THE LOSSES AND INSURANCE.

THE INSURANCE MEN LOOKING OVER THE WRECK OF YESTERDAY'S FIRE.

Insurance men are in the city surveying the salvage at yesterday's South Main street fire, and at this time no correct estimate of the losses sustained can be made. As stated yesterday the fire did but very little damage, but that from water will amount to a considerable sum.

William M. Eldredge, druggist, over whose store the fire was located, being No. 14, is insured in the Home for $2,000, with Silas Hayner. Mr. Eldredge's loss like that of the other occupants of the building—cannot now be estimated, and the Gazette prefers not to undertake the task.

James Sutherland & Sons, on the north, dealers in books and stationery, carried an insurance of $10,300 in the five agencies represented by Silas Hayner, Mark Ripley, J. G. Saxe, Metcalf & McKey, and M. A. Northrop Their loss is wholly from water, and will be in the neighborhood of $3,000.

J. M. Bostwick & Sons, dry goods, on the south of Eldredge's, carry an insurance of $32,000, in companies represented by Silas Hayner, Mark Ripley, J. G Saxe, and Metcalf & McKey. Their stock was badly wet—that portion not removed, and no true estimate of the loss can now be ascertained.

Dr. E. E. Loomis officed in the building, occupying rooms in front on the second floor directly over Sutherlands, and sustained considerable damage from water and smoke.

Miss Drew, dress-making parlors adjoining, were also drowned out.

The building occupied by Bostwick & Sons, is owned by R. M. Bostwick, and is insured for $4,000, in the Fire Association, of Philadelphia, and the Winchester, of New York, both represented by Silas Hayner. The loss on this building is wholly by water.

The building occupied by Eldredge and by Sutherland & Sons, is owned by Mrs. F. F. Stevens, and is insured for $9,000, in various companies represented in the agencies of Silas Hayner, Mark Ripley, and M. A Northrop. The fire loss on this building will not exceed $50, but that from water much more.

The fire originated in a room at the rear of the building on the third floor over Eldredge's drugstore. Some say it was spontaneous combustion of the elephant used in the rink performances a couple of years ago, which was stored in this room with some other things.

It was a very serious fire, made so on account of the difficulty in getting at the exact location, and also by the great flood of water poured into the building. The usefulness of the fire patrol was forcibly illustrated here. Had the company been in possession of tarpaulins the loss on the contents caused by the flood of water would hardly have exceeded that from the actual loss by fire. And one of the little fire extinguishers which the company propose to carry on the new wagon, would have been sufficient to extinguish the fire without a drop of water being put into the building.

The great need of a ladder of sufficient length and strength to reach the roof of a three-story building was also clearly demonstrated.

Do you ask for a test of SOZODONT'S powder,
Just talk to a lady for half an hour;
If her breath is sweet, if her teeth are white.
If her gums are clean, if her gums are bright
If her mouth is pure and her teeth are clean,

Irish Out of Ireland.

Irish names out of Ireland are not all found in America. Spain has had O'Ryan, the late minister of war; O'Donnell, O'Donnoju; as governor of Cuba, O'Reilley; and as vice-president of the Senate, O'Donnell. France has had its MacMahons, O'Neills, O'Connors, and Nugents. St. Patricks day is celebrated each year by the Franco-Irish.
